

BEECH CREEK BRANCH LINE

**Comment Form for Public Scoping Meeting
February 10, 2009**

Thank you for joining us tonight to learn about environmental studies for the proposed reactivation of the Beech Creek Branch Line. An important component of the environmental clearance process is to gather and consider comments from the interested public. Please complete the information below and deposit this form in one of the collection boxes marked "Comment Forms".

1. In which municipality and county is your residence located?

Rush Township - Glass City

2. How did you learn about the meeting tonight?

News paper / word of mouth / Special organizations.

3. Please tell us your comments about the information presented here tonight. (How well was the information presented; was it informative and understandable; were the consultants helpful in answering your questions; etc.)

The Information is presented well. The Problem is what IF something goes wrong, TRAIN Derailment, Leaking Cars, ~~for~~ HUMAN error. The consultants were well informed on the subject. ~~But~~ I expected that before attending the meeting. I feel the whole deal "Stinks".

4. What additional comments about the proposed rail reactivation would you like to add?

Instead of using The Trains For Trash. Activate Them to get products other Than Trash, Like Merchandise. This would help reduce The Truck Traffic And make work in The Area. NOT A Dump
